

**HOLIDAY MOTORS:  
AKA THE DON GERVAIS – WHERE-THE-HECK-ARE-WE TOUR?**

*(Authored by Barb Treick with additional comments by Toni Thomas)*

Following another filling Boy Scout-provided lunch at Holiday Motors in Fond du Lac, about 30 of us turned right out of the dealership's back lot. The intended leader for the day was suffering food poisoning, so our own Don Gervais stepped up to lead. We all made it through the first intersection, then proceeded to lose four cars at instruction #2! It did say turn right, didn't it? (*More on the "lost four" later*). Several unmarked turns, lush farm fields and power-generating windmills later, most drivers had lost complete trust in their navigators, and most navigators had just given up. But as one participant noted, nobody seemed to mind and everyone took it in stride. It was a good day for a drive on good roads with a large group of fun-loving people in our fun little cars.

Approaching Campbellsport and its famous Hamburger Haus, news was radioed back that those four lost cars had actually followed the printed instructions and were already enjoying their mountains of ice cream. Also waiting at the Haus (or maybe next door at the bar) were 50+ Harley riders out on their 4<sup>th</sup> annual "Grizz's" ride. They left shortly after we arrived. Maybe we frightened them!?

After our ice cream break we continued on to the Woodland Creek Supper Club. The skies had clouded over and some jackets went on, but we were tough and tops stayed down. Our ride there was stopped just once to wait for a flock of more than 20 geese to cross the road. (*Why do geese cross the road...?*)

Woodland Creek features large helpings of good food and beautiful gardens. We thoroughly enjoyed both. We also got to meet new members, share stories and look forward to seeing everyone again on July 11 for "P-ing Across Wisconsin".

*\*Note from proofreader Toni regarding the "Goose Herding Event" - 48 people signed the waiver as driver/passenger, plus one goddess. You think I don't read these, do you! Plus, there will be a test next month regarding how many people can correctly pronounce the city of Theresa. I received an email from RX President Tim, thanking the great group of fun enthusiasts for assistance with the drive. Way to go TEAM!*
