

# HIGHWAYMEN TRIBUTE BAND

by

Mary Lynn Cinealis

Miata people are very sturdy, so it was no surprise that seven couples braved the winter weather to start our afternoon with lunch at the Mineshaft restaurant. They offered a pretty substantial buffet which we all enjoyed as well has some very hearty Bloody Mary's. It was then time to travel the few blocks to the Schauer Center where the concert of the Highwayman was taking place. This was a one day show in Hartford and the place was packed with fans of Willie Nelson, Waylon Jennings and Johnny Cash. We had excellent seats and really enjoyed the voices of the performers, if you closed your eyes you could swear they were the real deal. The way some fans were screaming in the audience I think they really thought so as well.

This was a very enjoyable afternoon and it was nice to catch up with everyone. Thanks to Carol and Bill Johns for arranging our entertainment
