

BMC Annual Meeting

The BMC Board is very concerned about trying to have a large group of people in a small room for our annual meeting in November. We are proposing replacing the annual meeting with a board meeting only, to be done on Zoom.

Sometime in early to mid-October we will send a mass email out asking for proposed rides, requests for any volunteers for the board, and any new items members want to add to the agenda. Any requested club changes along with election of officers will be sent to all members for a vote. When the board receives event ideas, we will organize them, contacting members if there is a conflict with the date then publish the final list.
