

The Photo challenge Door county

Our day started out with rain so we were ready to start out with a bang! Everyone paired up with their spouse except Mary Lynn Cinealis and myself, Lin Carlson! We two always come in laughing and smiling no matter where we end up.

We started out in Ephraim where our hotel was, and tripped all over the whole island to look for the pictures of the items that Jane, Dennis, Ginger and Brian set up for the challenge. We all left at the same time to different parts of the island. We laughed because we thought we might have it easy but noooo we didn't! Of course, I look at the gas gauge and found I am on empty, the light goes on and are in the middle of nowhere. I was lucky enough to hit the gas station in time! We went here there and everywhere. We found all of the items but 4. They moved the shimmering tree from where I had remembered it so we never found it! So, we just went back to the hotel for a little sustenance and relaxation to watch everyone come in. A few were in when we got there but the rest were coming in slowly!

We all had a wonderful time relaxed and went to dinner at The Log Den. Food was wonderful, Prizes were great, and company was so much fun! Got to see friends we haven't seen in a while and we did nothing but laugh! This was such a wonderful time to finally get away since everything that was planned was cancelled because of Covid! We are all looking forward to another excursion in door County in two years... wink, wink Jane & Dennis, Ginger & Brian!!!!
