

WHERE WE'VE BEEN 2015: "THE SENSATIONAL 70S"

by MaryLynn Cinealis

About 10 Miata couples attended the "Sensational 70's" show at the Fireside Theatre in Fort Atkinson. We all gathered in the bar area for cocktails and then made our way to the most ample Brunch/Lunch. The food was scrumptious and there was plenty of it. The time between lunch and the show left us to visit with friends or do some shopping. The gift shops have a lot of fun things that you just can't live without.

Soon it was time to file into the theatre for the show, and what a show it was! just incredible! The talented singers and the house band were top-notch performers. The MC was quite good and even took us back in time by doing an impression of Johnny Carson's "GREAT CARNAC" character. During the musical numbers there was a lot of toe tapping, loud singing and even some chair dancing. The songs of Jim Croce, 3 Dog Night, John Denver and many others brought back many fond memories and transported many of us back in time. It was a thoroughly enjoyable event, and we thank Bill and Carol Johns for planning this event.

Too bad about the game afterward; a lot of us stayed to watch the horror that unfolded.
