

Event Recap

Check out how much FUN we had!!! . . .

Legends in Concert, January 31st

By Carol Johns

Everyone enjoyed the concert. We were very fortunate, the drive to the Fireside was a wet one but we did not have to deal with ice or snow. Twenty-two of us arrived at 10:30am on Sunday the 31st of January, 2016 which gave everyone a chance to shop or relax with a beverage and visit, to catch up with one another since the last drive.

Our buffet was served at 11:30am. The Fireside is known for their wonderful and plentiful choice of food. We started with some pastries and smoothies. Then we were on to some serious eating, eggs benedict, miniature quiche, chicken, salmon, bread pudding just to name a few choices. To top that all off, dessert was a delicious pecan turtle sundae. Let's just say ... no one went to the concert hungry.

And what a concert it was. Before the show started they announced groups, the Miata Club had our turn to do a loud cheer. Miata members Al and Pat Kobus surprised her mother Josie, by having her 92nd birthday announced. From there the show started with a great song by Buddy Holly (must add I saw the Buddy Holly and Big Bopper show a week before the plane crash. Does that date me?) Whitney Houston got a standing ovation. The other artists were Neil Diamond, Elton John, Carrie Underwood, and of course Elvis Presley. Their performances were so real you would think the real artists were singing. Also the glittering costumes of the dancers and with their moves, we were truly entertained.

IT WAS A SPECTACULAR SHOW!
