

Holiday Motors Ride

Mazdas to the right of us, Mazdas to the left of us. Kinda sounds like a song. It was a nice line up of cars for the Holiday Motors Ride June 17th. There were about 20 or so Mazdas to enjoy the beautiful day of riding.

The event started off with everyone chatting and showing their cars. Then it was lunch time. Holiday Motors provided a Mexican food spread. A variety of wraps and all the fixing to make a tasty and filling meal.

Then it was time to zoom. We had a police escort out of the city. Of course, as tradition has it, the group got separated due to stop and go lights. But once out of the city, we regrouped, and were on our way. Zigging and zagging thru the countryside. The group stayed together. No wrong turns and if there were, it wasn't noticed.

We had great weather to enjoy the ride. We stopped in Dundee for a short pit stop and some ice cream. After some more miles, we finished the ride up at Woodland Creek Supper Club for some more socializing. As always, great food and great service. Thank you Brian for setting up this ride. It was fun!
