

Country Clauson Fun

By Pat Kobus

Nothing better than Wisconsin in the fall, and Sat, the 22nd October was a “summer-like” special day in little Coloma, a town sort of middle of Wisconsin near the famous Dells. The Clauson family put on a terrific show featuring music greats including Elvis, the Eagles, Tina Turner, and so many more. Cody Clauson’s magic fingers sped over frets and strings wowing us with his guitar prowess, not to mention endless energy and fine vocals. The entire band, singers and dancers gave their talented all and kept us thoroughly engrossed for a little over two hours. All this came after a really tasty meal enjoyed in their authentic, comfortable barn. At intermission we had choices to make: desserts to buy and take home; popcorn, sundaes and ice cream sodas to enjoy; and/or a variety of gifts to purchase in the basement level barn shop.

Our Miata table group are planning a return to the Clauson Family Barn for a colorful and truly wonderful Christmas show on Sat., Dec. 3, 2022. There are still some reserved seating for us Miata members including family and friends. This is open to all. Check the website for details and sign up. Finally, thanks to Carol and Bill Johns for organizing this event. It was really fun!
